I am a ratepayer and an adult resident of the United States Virgin Islands

My full name is Jeffrey Baxter Christian Moorhead. My address is 48 King Street, Christiansted, St. Croix United States Virgin Islands 00820. I hereby respectfully petition the Commission to deny the grant of the referenced Applications.

The grant of the Applications is clearly inconsistent with the public interest, convenience and necessity, will destroy competition and unreasonably handicap the operations of the telecommunications and cable television business in the United States Virgin Islands. If approved, the applicant will have no competition or incentive to make necessary investments, maintenance, repairs and improvements. As such, approval of the proposed transaction will adversely affect the security and economy of the United States Virgin Islands and is not in the public interest especially in regards to disaster planning and recovery from annual tropical storms and hurricanes. Approval of the Applications will also give the Applicant de facto control over the editorial content of news and information in the United States Virgin Islands.

**JEFFREY B. C. MOORHEAD, P.C.**

DA 09-1285  
WC Docket No. 09-82  
Page 2 of 2

Ratepayers must have a choice. Approval of the Applications will violate freedom of speech and hinder the ability of Virgin Islanders to have an informed debate. Moreover, the grant of the referenced Applications is illegal and against the law. The Commission should let competition rule in the United States Virgin Islands.

I respectfully request a hearing on the Applications.

Cordially,

Jeffrey B. C. Moorhead

cc: All Applicants
